Three Centuries of Experience

1865 1867 1890 1902 1912 1920 1930 1940 1957 1965 1986 2004 TODAY

Lister founded in Dursley, UK, by Robert Ashton Lister. Main products: Agricultural Equipment

Petter produce the first tractor with a 30 HP diesel engine & introduce the Handyman engine

Third of Robert Ashton Lister's five sons heads R. A. Lister & Co. Ltd. with worldwide markets & 6000 retail outlets in UK. Highly popular D-type engine introduced. Other main products: electric lighting plants, dairy equipment, sheep shearing machinery & garden furniture

Lister Continue to sell the highly successful D-type & CS (cold start) diesel engines, as well as light (1.5 ton) narrow gauge locomotives

Hawker Siddeley acquires Lister

Under new ownership Lister Petter was given a new lease of life as the Lister Petter Group

Petter founded in Yeovil, UK. Main products: Ironmongery

Ernest & Percy Petter design & build oil engine & build the UK's first car with an internal combustion engine.

R.A. Lister & Co. Produce petrol engine, mainly to power sheep shearing equipment

Petter open Nautilus works in Reckleford, employing 500 people & making 1500 engines a year. Main products: stationary petrol & diesel horizontal crank engines, from 1 HP

Manufacture of 2-stroke & 4-stroke diesel engines at Yeovil, Staines & Loughborough

Hawker Siddeley acquires Petter

Hawker Siddeley combines Lister & Petter into one company. Lister Petter. Research & Development under Hawker Siddeley enabled Lister Petter to make significant advances in its engine know-how. This culminated in its highly successful ALPHA engine

Under new ownership since 2004 Lister Petter group is a U.A.E. based industrial conglomerate with manufacturing facilities in the UK, US, China, India and South Africa and distribution hubs in the UK, US, France, UAE, India, China, South Africa and New Zealand. The group specialises in tailored solutions for it's customer base with an emphasis on both traditional and hybrid power solutions.

Brand Values

- Quality
- Simplicity
- Flexibility
- Service
- Durability
- Reliability
- Low through-life costs

Our Market Sectors

- Telecoms
- Construction
- Agriculture
- Marine
- Military
- Disaster Recovery
- Standby Power
- Emergency Power

- A dedicated team of development engineers
- A dedicated team of application engineers
- Full test cell capability
- Own EPA & EU emissions testing and certification
- Six sigma programs – product reliability, product enhancement

POWERING YOUR NEEDS
S I N C E 1 8 6 7

- **Basic Features**

- 2.1- 6.1kW
- Variable or Fixed Speed
1500-3600 r/min
- Direct Injection
- Single Cylinder
- Hand or Electric Start
- Naturally Aspirated

Applications – A Series

- **Gensets**
 - Auxiliary power units
 - Traffic lights
 - Military heating units
 - Tar boilers
- **Construction equipment**
 - Vibrating rollers
 - Vibrating plates
 - Concrete pokers
- **Centrifugal water pumps**
- **Hydraulic power packs**
 - Road Gritters

- **Basic Features**

- 1.0 - 7.4kW
- Variable Speed
1000-3000 r/min
- Direct Injection
- Single Cylinder
- Hand or Electric Start

Applications – L Series

- **Construction Equipment**
 - Cement mixers
 - Vibrating Rollers
- **Centrifugal Water Pumps**
- **Compressors**
- **Road Gritters**

- **Basic Features**

- 5.5 – 28.5kW
- Variable or Fixed Speed
1500-2500 r/min
- Direct Injection
- Diesel Fuelled
- 1,2 or 3 Cylinders
- Hand or Electric Start

Applications – T Series

- **Pump Sets**
- **Gensets**
- **Marine**
 - Auxiliary
 - Propulsion
- **Construction**
 - Dumpers
 - Mixers
 - Piling Rigs
- **Hydraulic Power Packs**
- **Vacuum Pumps**
- **Mills**
- **Compressors**

- **Basic Features**

- Water Cooled
- 6.8kW- 41.3kW
- Variable or Fixed Speed
1500-3600 r/min
- Direct Injection or
Indirect Injection
- 2,3 or 4 cylinders

Applications – Alpha Series

- **Generating Sets**
- **Marine**
 - Auxiliary
 - Propulsion
- **Construction Equipment**
- **Hydraulic power packs**
- **Water Pumps**
- **Compressors**
- **Forklifts**
- **Tele-handlers**
- **Tractors**
- **Turf Care**
- **Log Chippers**

- **Basic Features**

- 23.7kW - 48.5kW
- Variable or Fixed Speed
1200-2500 r/min
- Diesel Fuelled
- Indirect Injection
- 4 cylinders
- Naturally Aspirated

Application – Delta Series

- **Compressors**
- **Forklift**
- **Gensets**
- **Pumps**

Sigma - Series

- **Basic Features**

- 20kW - 40kW
- Variable or Fixed Speed
1500–2200 r/min
- Diesel Fuelled
- 3 Cylinders
- Naturally Aspirated
- Direct Injection

Application – Sigma Series

- **Generating Sets**
- **Water Pumps**
- **Compressors**
- **Vibrating Rollers**
- **Log Chippers**
- **Tractors**

- **Basic Features**

- 40kW - 147kW
- Fixed or Variable Speed
1500-2200 r/min
- Direct Injection
- Diesel Fuelled
- Turbocharged & Intercooled
- 4 or 6 cylinders
- Standard Oil & Fuel Filters

Applications – Gamma Series

- **Generating Sets**
- **Water Pumps**
- **Compressors**
- **Vibrating Rollers**
- **Log Chippers**

Applications Marine Diesel Engines

**For pleasure boats, work boats, lifeboats,
auxiliary & marine generating sets etc.**

- Heat Exchanger Cooled Marine Propulsion Engines from 14.9 to 240 kW
- Keel-cooled marine propulsion engines from 14 to 41 kW
- Marine auxiliary generating sets from 5.9 kVa to 28 kVa

POWERING YOUR NEEDS
S I N C E 1 8 6 7

Lister Petter Generating Sets

- Lister Pack
- AD1 – A Series
- HSL – T Series
- LLD - Alpha
- LLS - Sigma
- LLD – Delta
- LLG – Gamma
- LLO - Omega

Applications – Generating Sets

- Telecoms
- Standby power
- Rental sets
- Prime power / Base load
- Mobile
- Lighting Towers
- Military – APU – Auxiliary Power Units
- Industrial

Long Running Systems

- Extended Sump 500 hrs
- Remote Oil Tank 2000 hrs
- Fewer Maintenance Visits
- Mechanical Pump
- Extra Bypass Filter
- Standard Oil/Air/Fuel Filter
- Reduced Logistics Costs

High Flow Irrigation Pumps

- Flow – up to 600 M3/hr
- Head – 8 to 25 metres

Air – cooled TR engines provide:

- Tropical/temperature conditions
- Ambient temperatures up to 52C
- 24 hours continuous operation
- Handle start

Applications – Welding Sets

- Welding or auxiliary power supply
- Simple to use, just screw on your welding gun
- High output for the hardest welding jobs
- Easy to move around site
- Water – cooled ALPHA engines provide:
 - Diesel fuelled
 - 2-3 cylinders
 - Direct Injection

Applications – Bio Rig

- **Makes ISO quality B100 Bio-Diesel from straight or recycled vegetable oils (palm; peanut; soy; vegetable; rapeseed; jatropha, etc.)**
- **420 litres of B100 bio-diesel per hour**
- **Power input - 14.4kW**
- **Renewable energy (carbon neutral).**
- **ECU controlled automatic process; Stainless steel construction**
- **Lister Petter Bio-Alpha engine will run on pure B100 Bio-Diesel.**
- **Bio-Diesel can be blended to make B20 etc. to match diesel vehicle requirements.**

- **ISO 9001:2002 Accreditation**
- **TS16949 Accreditation**
- **ISO 14001 Accreditation**
- **Warranty Levels 50% of Industry Standard**
- **Engine & Application Training School – in UK or On Site at Customer**
- **Full Inspection & Testing Facilities**
- **Supplier Development – Right First Time, Lean Principles, Training Programs**
- **Lean Manufacturing Integration – Stock Control, Waste Elimination, Process Flow, Dual Sourcing – Production Flexibility**

Quality Policy

- *Achieve, maintain and continually improve the effectiveness of the Quality Management System*
- *Determine and conform to all agreed customer and business objectives, and take adequate and timely actions to correct any non-conformances that occur*
- *Develop supply chain partnerships and encourage them to implement Quality Management Systems*
- *Continually support our customer's needs and adopt our products and services to ensure customer satisfaction*
- *Empower employees in support of the policy, Quality Management System and business objectives. Ensure the policy is available to all the employees.*
- *Periodically carry our management reviews against the quality objectives and review continuing suitability of the Quality Management System.*

Lister Petter Group is a leading UK designer and manufacturer of highly engineered engines and generating sets. Lister Petter Group is renowned the world over for quality and reliability and this policy is defined to ensure that we protect our heritage and enhance the future of Lister Petter Group by delivering quality reliable products that will enhance the success of our customers as well as Lister Petter Group.

It is the company policy to pursue continual improvement through consistently providing product and services to our customers, which meet all regulatory, statutory and customer requirements.

If you would like to enquire in more detail about any aspects of this Customer Information Pack please call +44 1453 541 048 or email your queries to sales@listerpettergroup.com
